Cloudflare CDN

What is Cloudflare?

A **free/paid CDN** that makes your website **faster and safer** by:

✔ Storing copies of your site on servers worldwide.

✔ Blocking hackers and DDoS attacks.

✔ Giving free SSL (padlock in browser).

Why Use Cloudflare?

- **Free plan** (good for blogs, small sites).
- **Super easy setup** (just change DNS).
- **Fast + Secure** (blocks bots, speeds up loading).

Plans & Pricing

Plan	Price	Best For	Key Features
Free	$0/month	Personal sites	Basic CDN, DDoS protection, free SSL
Pro	$20/month	Small businesses	Better caching, WAF firewall, image optimization
Business	$200/month	Online stores	Priority support, advanced security

Limitations

Free plan has **basic features only**.

No **video streaming** on free tier.

Best For?

✔ **Beginners** → Free plan.

✔ **Small businesses** → Pro plan ($20).

✔ **Big sites needing speed/security** → Business/Enterprise.
